

# Does God exist ?

**Bertrand Russell** argued that the universe had no beginning and will have no end.

**J Richard, James E. Gunn, David N. Schramm and Beatrice M. Tinsley** describe the event of the big bang as follows:-  
 “the universe began from a state of infinite density... Space and time were created in that event and so was all the matter in the universe.”

**Stephen Hawking** the universe spontaneously popped into existence from nothing.

$$\infty - 2 = \infty$$

**Astronomer Fred Hoyle** states that the universe at a point in the past was “shrunk down to nothing at all”

**Stephen Hawking** says “Almost everyone now believes that the universe, and time itself had a beginning at the Big Bang

Aristotle said  
 “the infinite is potential, never actual:

German mathematician David Hilbert said  
 “The infinite is nowhere to be found in reality.
